

## LIVING SCULPTURE

Divide group up into teams of 4-5

You will need at least 3 judges for this contest.

Each team can try to think of a name for themselves if there is time.

Toilet Paper, plastic wrap and aluminum foil are used to make sculptures out of one person per team.

Give each group supplies but tell them they can't start til you say "SCULPT"!

Each team will pick one person to be the sculpture...the rest will be the artists or sculptors. The sculpture volunteer stands in a decided upon position while the rest of the team uses the tp, plastic wrap and aluminum foil to wrap around him/her (and add to) to create a "work of art"

They will be timed...and the team with the best sculpture wins.
