Episcopal Diocese of Ohio
Vendor Website login information

It is highly recommended that employees set up online account access to health insurance, pharmacy, health savings account, dental and vision vendor websites. There you can monitor your benefits, deductibles, out of pocket costs, print temporary ID cards, and obtain other helpful information. **You should have a card for each of these vendors.**

Here are the website address for the current vendors:

1) Anthem BCBS

[https://www.anthem.com/login](https://www.anthem.com/login)

After you log in, there is a menu on the top. Select Benefits from this menu. Choose Medical from the next screen and then Coverage details. Under Coverage details, click on the Deductibles and Out of Pocket Amounts. This screen tracks progress toward meeting the deductible for both Medical and Pharmacy. There is also a tab for HSA that includes the current balance and links to the Health Equity site.

2) Express Scripts

[https://www.express-scripts.com](https://www.express-scripts.com)

There is a top menu after log in. Click on the Manage Prescriptions menu, and then choose View Rx History and Balances. There is a tab for deductible information and a second one for out of pocket costs. The co-insurance amounts kick in once the deductible is met, and the plan pays 100% of allowance costs once the out of pocket limit is met.

3) Health Equity (for Health Savings Accounts if you participate in a CDHP (consumer-directed health plan).

[https://my.healthequity.com](https://my.healthequity.com)

On this screen, an account can be set up with user name and password. Claims can be paid, amounts can be reimbursed to the employee for prior claims paid, direct deposit set up, and balances checked. There are many useful tools on the site.

4) CIGNA Dental

[https://my.cigna.com/web/public/registration](https://my.cigna.com/web/public/registration)

This is the website address to set up an initial log in to the site.

5) EyeMed

[https://www.evemedvisioncare.com](https://www.evemedvisioncare.com)

This is the website address to set up an initial log in to the site. Click on the Members tab to proceed.
